

Carnie Netball Club – Trophy Policy - 2017

The following policy on trophies/awards has been developed by the committee to assist coaches with weekly fairest and best voting and end-of-season decisions regarding trophy allocation.

Managers are to be responsible for the trophy voting.

****NO voting for finals**

Weekly Awards (possible for juniors – open to discuss)

Coaches (particularly of primary school teams) are recommended to use weekly encouragement and achievement awards, thus giving the opportunity to recognize ALL players at some time throughout the season (for example, an encouragement certificate, or most improved etc.).

Weekly Voting - Fairest & Best Player - Coach

In all grades, votes are awarded by the coach to the three players who are deemed to be the Fairest and Best on the day. This applies to all games played during the season.

The criteria best used in selecting Fairest and Best each week should reflect, wherever possible, that during the game and/or training session that week the player has demonstrated:

- Excellent skills;
- An appropriate attitude;
- Listening and implementing training work and
- A high level of team work.

Voting should be awarded on a points system of:

- 3 – Best Player
- 2 – Second Best
- 1 – Third Best

Weekly Voting - Fairest & Best Player - Parent

The Manager should ask for a parent to assist with this decision each week. It should be done on a roster system, involving all parents who attend the games in the voting. They also should select 3 players who are deemed to be the best player on the day.

Voting should be awarded on a points system of:

- 3 – Best Player
- 2 – Second Best
- 1 – Third Best

The votes should be completed on the Voting Slips, (supplied by the club) and kept by the Manager after each game and placed in the envelopes provided for each week and sealed.

End-of Season Team Trophy Allocation

At the end of the season, the Manager and team coach will get together to count all the votes and decided upon trophy recipients, based on votes received. **Two** trophies (ONLY) are awarded to each team.

The committee trophy coordinator will contact all coaches and managers and ask for the recipient names prior to the Wind up.

Trophy #1

A Fairest and Best trophy is awarded to the highest number of votes received on the final counting of weekly votes.

Trophy #2

The coach is responsible for deciding upon the title and recipient of the second trophy and is generally NOT the second-best player. Suggestions for the second team trophy's title include:

- Runner up Fairest and Best
- Most Improved
- Most Consistent
- Best Team Member

*Where a tie may occur by two or more players the coach and manager must use a fair process to determine **one** winner only.*

If any issues should arise, please contact in the first instance the Coaching Coordinator:
